

The Admiral Byrd Scholarship Trust

Grant Application Form

Guidance notes for applicants:

This form is to be used for the application of a grant. The criteria that applicants must demonstrate for a grant are that it be used for activities including research and study relating to Antarctica.

Successful applicants will be expected to provide a written report on their return outlining the benefits of the study and how they will apply this on their return. Successful applicants may also be requested to speak on their study at a meeting organised by the trustees for that purpose.

All applications will be considered by the Trustees of the Trust and if the application is considered to have met the criteria outlined above applicants will be invited to an interview to talk about their application with the Trustees.

The Trustees decision on approval in full or part of the funding sought or decline of any application will be final and no further correspondence will be entered into.
